APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights and is
further subject to revocation when water is available from the Las
Vegas Valley Water District, and is limited to what the well will
produce but not to exceed 0.03 c.f.s. A meter must be installed in
the discharge pipe line, near the point of diversion, and accurate
measurements must be kept of water placed to beneficial use. It is
understood that this right must allow for a reasonable lowering of
the static water level. This source is located within an area des-
ignated by the State Engineer pursuant to NRS 534.030; therefore, the
State retains the right to regulate the use of the water herein granted
at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.03 cubic feet per second

Actual construction work shall begin on or before May 23, 1961

Proof of commencement of work shall be filed before June 23, 1961
